## FORMER PARIS MAN'S WIFE DROWNED IN LAKE.

A message received in Paris, Saturday by A. L. Burley, of Eighth street, from his brother, W. D. Burley, at Wyandotte, Michigan, stated that Mrs. Burley had been drowned in Lake Michigan in a collision which occurred between the lake steamers, Lake Superior and Willis L. King. The message gave no particulars. Mr. Burley left immediately for Wyandotte. Mr. W. D. Burley, husband of the dead woman, had been employed for some time on the Lake Superior as assistant second engineer. Particulars of the accident are still very meager.

According to special telegrams in the daily papers of Sunday and yesterday the captains of the vessels are at variance as to the state of the weather at the time of the collision. Capt. Nelson, of the Willis L. King, declared the crash came during a heavy fog, while Capt. Sawyers, of the Lake Superior, declared the night was clear. As a result of the collision twenty-nine persons were reported as missing. Mrs. Burley was a passenger on the Lake Superior.

The body of Mrs. Burley was recovered and sent to this city, accompanied by Mr. Burley, his brother, A. L. Burley, and other members of the family. The funeral will be held at the residence of A. L. Burley, on West Eighth street, at three o'clock this (Tuesday) afternoon, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The burial will follow in the Paris Cemetery. The pallbearers will be Chas. P. Cook, Thos. Kiser, Harry L. Baldwin, J. W. Markland, J. W. Thomas, J. H. Stivers.

## SCHOOL NOTES

County Superintendent of Schools J. B. Caywood has received notice from State Superintendent George Colvin to the effect that students in the Eighth Grades of the Public Schools who desire to exchange their old text books for new ones must do so before September 1. The schools will open on September 5 for the 1920-21 term.

The following teachers have been selected for the County High School which will open at Millersburg on September 6, for the coming year: Principal, J. W. Lancaster, of Georgetown; Misses Jessie Crisp, Paris; Nannie Clark and Hazel Kerr, of Millersburg; Elizabeth Rice, of Lake Saranac, N. Y.; Miss Paysey Clark, of Paris, teacher of music. Three other teachers are to be selected later.

## NEW AUTO OWNERS.

Aker & Voght, of Lexington, report the sale of a two-ton Traffic truck to D. Plummer, of Paris.

## STATE ELECTION BOARD HOLDS MEETING.

At a meeting of the State Election Commission held in Frankfort, county election officers were selected, certifications of nominations issued to successful candidates in the August primary, and Mrs. H. S. Vansant, of Frankfort, elected secretary of the commission to fill the vacancy created by the resignation of Jefferson Wood, of Greenville. Mrs. Vansant is the widow of Henry Vansant, who was deputy insurance commissioner during the Wilson administration.

Certificates of nomination were issued to Miller Hughes, Republican nominee for Congress in the First District; John P. Haswell, Republican nominee for Congress in the Fourth District; Arthur V. Rouse, Democratic nominee for Congress in the Sixth District; Ralph Gilbert, Democratic nominee for Congress in the Eighth District, and W. G. Blair, Republican nominee for Congress in the Ninth District.

The returns for the Seventh Congressional District were not canvassed by the commission, as the returns from Estill county have not been filed with Secretary of State Vaughn.

In the judicial races certificates of nomination were issued to Sam Hurst, Republican nominee for Circuit Judge in the Twenty-third District; Henry R. Prewitt, Democratic nominee for Circuit Judge in the Twenty-first District, and I. G. Rice, Republican candidate for Commonwealth's Attorney in the Twenty-fourth District.

The county election commissioners selected for this county who will serve with the Sheriff in naming county election officers for the November election are as follows: Judge Denis Dundon, D., and M. R. Jacoby, R.

## BOND SALE TO CONTINUE FOR ROAD WORK.

On account of the heavy down-pour of rain which prevailed Saturday, the mass meeting of Bourbon county citizens called for the purpose of considering ways and means for continuing the sale of county road bonds, was not as well attended as it might otherwise have been. As it was those present were enthusiastic over the proposition, and did all they could to bolster up the movement and help it forward to success. About \$10,000 worth of bonds were subscribed for at the meeting. It was decided to continue the campaign and raise the sum, \$75,000, as otherwise, work on the roads of the county would have to be discontinued, which would spell disaster to the business interests of the city and county. Committees were appointed to operate in each precinct of the county and an active canvass will be made. Mr. James M. Caldwell, who is in charge of the bond sale committee, presided at the meeting. The committees appointed are as follows:

Paris—Catesby Spears, J. T. Collins, M. P. Collier, W. G. McClintock, Judge Denis Dundon, M. J. Lavin and Jesse Alverson.

Millersburg—W. D. McIntyre, Alex. Miller, Alex. Moffett, John May and Joe P. Redmon.

North Middletown—H. S. Caywood, John W. Jones, John W. Young, W. M. Rogers, F. M. Tindler, W. A. Thomas, John Harris Clay, Charlton Clay and Ben B. Woodford.

Little Rock—Ray Burris, Edsell Clark, Clarence Ralls, F. Burris, Joe Hopkins.

Clintonville—J. Frank Clay, Luther Rice, Sam Weathers, John Woodford, A. L. Stephenson, George Jones, George W. Clay and D. C. Parrish.

Hutchinson—John M. Brennan, Robert Meteer, John S. Wiggins, John Bell and W. B. Ardery.

Centerville—V. W. Ferguson, Jno. Clay, Joe Leach, Geo. Burberry, J. M. Ward, Sam Houston and Calvin Jones.

Ruddies Mills—John Marston, J. Harry Holt, Amos Turner, Will Talbott and George Current.

Little Rock No. 2—James Dodge, W. W. Kenney, J. C. Kenney, Woodford Buckner, S. P. Harding and W. P. Wornall.

So far this summer forty-four miles of road have been ditched, and twenty-two miles reconstructed. The county road department has new road repair and maintenance equipment, valued at \$229,387.36. The primary roads of the county, extending through the county seats, and the principal towns of the county, are in good condition, and when finally completed, will be taken over by the State, and will be no further expense to the county.

## IMPORTANT NOTICE TO COLORED PUPILS

All pupils of the High School Department of the Western High School are requested to report at the school building for registration and classification, September 3 and 4, between the hours of 10 a. m. and 4 p. m.

All pupils of the 1st, 2d, 3d and 4th grades are to enroll at the school building, Monday, September 6, hours being 10 a. m. to 4 p. m.

All pupils of the 5th, 6th, 7th and 8th grades are to enroll at the school building Tuesday, September 7, hours 10 a. m. to 4 p. m.

Pupils are requested to have their children register, as suggested in this notice, that all may be properly classified before the regular work begins, Wednesday morning, September 8.

By this arrangement, we hope to avoid the great rush that usually marks our opening day. Pupils are requested to report at the school building on the days of their classification, only, until Wednesday. Beginning Wednesday morning at 8:30, all grades will report for regular school work.

Teachers will be present during this period of classification to adjust all matters prior to the general opening day.

F. M. WOOD, Principal.

## CIRCUIT AND COUNTY CLERKS HOLD MEETING

Kentucky county and circuit court clerks are not attempting an increase in the salary which they now are receiving, but seek an interpretation of what the new State laws provide in the way of clerical remuneration, according to a statement in the annual convention sessions in Paducah. It is not contended that fees concerning old laws should be raised, they say.

Election of officers resulted as follows: J. B. Dillon, of Covington, was elected president; L. C. Trevanthen, of Calloway county, secretary and treasurer. The convention next year will meet in Covington.

## BANK CLEARINGS DECREASE

The weekly clearings of the Paris banks showed a slight decrease for the past week, due partly to the slackening of business in the mid-summer. The clearings were as follows: Bourbon-Agricultural...\$182,246.07 Farmers & Traders...79,118.83 Peoples-Deposit...314,243.87 First National...152,806.80

Total...\$728,415.57 Decrease compared with previous week...\$71,932.79

## BOURBON FARMING CONDITIONS

Heavy rains have hampered farm work in this section, with promises of better conditions prevailing this week. Reports from many sections of the county show considerable damage having been sustained to tobacco crops by rust. Where fields are well drained the dew has not been attacked. Very little tobacco has been cut. The farmers are faced by another difficulty in a lack of barn room.

Due to the recent rains there is an excellent grass crop for pasture and good fall grazing is promised. Farmers are buying good feeding cattle at 10 to 11½ cents a pound. Corn is maturing, and is the best crop in many years.

McClintock & Caywood, of Paris, shipped to the New York market Saturday three cars of lambs which cost them eleven cents a pound, and to the Cincinnati market one car of butcher cattle and one car of hogs. The cattle cost them from six to ten cents a pound. They sold last week over five hundred head of good stock ewes for prices ranging from \$13 to \$14 a head.

## BLUE GRASS FAIR OPENS AUGUST 30.

The Blue Grass Fair will be inaugurated at Lexington with the Sunday evening concert by Newberry's Military Band de Luxe and the All-American Quartette.

Lovers of good music will find this an opportunity to hear the best the country affords, both vocal and instrumental, as Newberry has played at numerous large outdoor entertainments and is always sought for a return engagement. This concert is in the evening at an admission fee of 25 cents.

The live stock classes that have so far closed have all filled well, indicating that the exhibits will be more numerous this year than for many years previous. The same is true of the harness horse events, all five of which have filled with the best prospects of real contests that will be seen in Kentucky except the world famed October trotting meeting.

All the amusement features will be on the ground for the opening on Monday and word was received by Secretary Walker, Saturday, that the three-passenger carrying airplanes will be there Sunday, Aug. 29, ready for business.

The running races and Carnival will, of course, be among the foremost features of entertainment. The Nat Reiss shows' advance man is now in the city making preliminary arrangements. A new feature is the giving away of a Studebaker automobile the last night of the fair.

## BOURBON GUN CLUB.

The Bourbon Gun Club held their regular shoot at the club grounds in East Paris last Friday afternoon. One of the largest crowds of shooters and spectators of the season was out. Three new members were added to the membership list: F. W. Link, Sam Harding and Mitchell Jackson. The shoot for the trophy donated by the A. J. Winters Co. was unfinished on account of ties, and will be finished this coming Friday. Those breaking 20 or more out of 25 targets are as follows:

Sam Clay, 20, 24; R. R. McMillan, 24; Douglas Thomas, Jr., 22, 23; John Shropshire, 20, 23; Vol. Ferguson, 20, 23; Alfred Clay, 20, 23; C. K. Thomas, 22; J. Q. Ward, 20, 21; Robt. Ferguson, 20, 21; J. C. Kenney, 21; J. W. Bell, 21; J. W. Thompson, 20, 20; Dan Peed, Jr., 20; Ray Taylor, 20.

Owing to the large number of shooters taking part at each shoot the Club has made the following rules: Shooting must start promptly at 1:30; no one will be allowed to shoot over fifty targets until after each shooter has shot his fifty targets, and the trophy has been shot off, then squads will be made up and shooting continue until six o'clock. Please come early.

The trophy to be shot for this Friday, August 27, has been donated by Mitchell & Blakemore, an imported Italian hat, which is on display in their large show window. A large number of ladies were out and all took keen interest in watching the little clay targets do their best to make the boys miss them.

Former Parisian Injured in Train Wreck.

Passenger train No. 24, which left Lexington, Saturday night at 9:30 o'clock, for Washington, ran through an open switch at Ashland early Sunday morning, crashing into a freight train standing on the siding. Four men were injured in the crash, among them being a former Parisian, David Cline, uncle of County Attorney D. D. Cline, of Paris, who was bruised about the head and body. Mr. Cline was brought to Lexington, Sunday, where he received medical attention. No one on the passenger train was injured. Most of the passengers were asleep at the time the accident happened.

## RECOVERING FROM INJURIES

Frank Crowder, who received serious injuries several days ago when he fell through a window at the Paris Milling Co.'s plant, has about recovered. Crowder's arm was badly gashed and the muscles severed by falling on a jagged pane of glass broken in his fall. His physicians have assured him that he will not lose his arm, as was at first thought probable.

## BOURBON HORSES ENTERED IN BREEDERS' FUTURITY

## BEAKING THE NEWS TO COX AND HARDING

The Presidential candidates and their "Vices" have been receiving political delegations bearing the important tidings of the Chicago and San Francisco conventions. And now that the candidates have been notified it seems probable that everybody has been told whose names will be on the ballots in the frosty and melancholy days of November. But it does not seem at all likely that either business or industry is apt to become excited over the Presidential campaign. In this respect there have been a good many comments to the effect that neither Harding nor Cox are regarded as firebrands. The more correct explanation lies in the fact that in recent years, and particularly during the war, that it has been determined by the American people that the business of government must be confined to the handling of the affairs of government. In other words the day has passed when anyone expects a new President or a new Congress to start out upon a program to uproot the established policies under which business and commerce have been built. The ghosts of government ownership, the Plumb plan, nationalization of industries and the like, have been successfully put to sleep in the United States, and in place of these restless possibilities there has been built a substantial foundation for our transportation system, and for our financial system, as represented by the Federal Reserve Banks. Therefore appears that the present outlook on life promises the customary dullness of mid-summer enlivened by vacation periods for the rich and poor; after which a revival in business and the security markets are looked for while the frost is on the pumpkin and the fodder is in the shock the campaign craters and political managers will enliven the country with a brisk campaign. Amid one final resounding shout the news will sweep the land telling who is the victor. No matter what is the result it is not likely to add one business failure or to upset any industrial or financial enterprise in the country. There is no danger that the bottom will fall out of the old U. S. A.

## TENNESSEE ANTI-SUFFRAGISTS SEEK RECONSIDERATION

NASHVILLE, TENN., August 23.—Anti-suffragists are prepared today to seek reconsideration of the vote by which the Tennessee House ratified the Federal suffrage amendment. Speaker Walker, who changed his vote from nay to yea so he would be in position to move reconsideration, will make a motion that the House rescind its action. His privilege to do so under House rules expires tonight.

Suffrage opponents, as they tighten their lines for the final skirmish, express confidence in the result. Suffrage opponents announce that 47 members of the House have signed a pledge to vote to reconsider the ratification resolution. Several other assemblymen, they predict, will line up with the anti-suffrage forces before the proposed roll-call, thus insuring a majority for reconsideration.

Four thousand persons last night attended an anti-suffrage mass meeting, at which Speaker Walker outlined plans for a battle over suffrage on the floor of the House today.

A letter from Governor Cox, read at the mass meeting, comments on the section of the Tennessee constitution which provides that the Legislature has no power to act on a proposed amendment to the Federal constitution unless its members were elected after submission of the measure to the States. The present Legislature was elected in November, 1918, and the suffrage amendment was not submitted until several months later. Governor Cox wrote:

"Our platform has made a positive declaration on the nineteenth amendment and, as you at once will recognize, the policy of that document becomes my own as well. At the same time, I shall endeavor to speak the policy of the platform to maintain the properties which your letter sets forth."

"I have no hesitation in saying that Section 32 of Article 2 of the Tennessee constitution is a wise plan. It should be adopted in all States. Whether it is in conflict with the Federal constitution as recently interpreted is another matter. Most lawyers with whom I have talked believe that it is not. However, it is not within my province to make this declaration."

## KENTUCKY WOMEN CAN VOTE IN NOVEMBER.

The ruling of Attorney General Charles I. Dawson, of Kentucky, that women with the proper residence qualifications in this State have a legal right to vote for President at the November election, has solved many perplexing questions in connection with the suffrage situation. According to Attorney Richard P. Ernst, of Kentucky, Republican nominee for U. S. Senator, the right of suffrage in Presidential elections has been conferred on Kentucky women by a law enacted by the last General Assembly of the State. Each State has the constitutional right to fix the qualifications of electors, and therefore, Mr. Ernst explained, Kentucky women can vote for President under the State law, regardless of the fate of the Federal Suffrage amendment. One of the peculiarities of the Kentucky law is that it contains no provision for women to vote for the office of U. S. Senator, and consequently they will cast no ballots in that contest unless the Federal suffrage amendment is ratified by the necessary 36 States prior to the election.

## GIRLS! LEMONS BLEACH; WHITEN

Make Lemon Lotion to Double Beauty of Your Skin

Squeeze the juice of two lemons of Orchard White which can be had at any drug store, shake well and you have a quartet pint of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it. (adv-tf-T)

## CHANGING PRECIOUS STONES

Although experimenters have learned that it is possible to change the color of certain precious and semiprecious stones by exposing them to the action of radium, the discovery is probably of little practical importance. A man of science put a number of sapphires of different kinds into a box that contained a small quantity of radium; a month later the white sapphires had become yellow; the blue sapphires green; the wine-colored sapphires violet. But not many persons would be willing to experiment with stones that are of much intrinsic or sentimental value.

"Baby ukeleles" are now to be had. Good heaven! Is it going to be necessary to advocate race suicide for ukeleles?

An authoress who wrote 60 successful novels left an estate of only \$555. She was born too soon for the "movie" scenario.

## FRIENDS AMAZED BY HER RECOVERY

Had Been In Bad Health So Long She Lost Fifty Pounds—Tanlac Restored Her

It is doubtful if there has ever been a statement in all the thousands that have been made about Tanlac that is more interesting or more clearly and forcibly defines the remarkable powers of the medicine than the following from Mrs. Laura Barick, of 403 Meidorth street, Peoria, Ill. "I had been down in bed so long before I began taking Tanlac," said Mrs. Barick, "that after I recovered people who knew the frightful condition I had been in were amazed. I had suffered for eleven long years and had taken medicines and tried specialists in various cities, but, in spite of it all I had gotten so bad off that there was no hope for my recovery. My stomach was so badly upset that it even sometimes caused me to have awful cramps that lasted for hours. Even liquid diets caused this same misery and I would have such a stuffed-up, heavy feeling that my breath would come in short, quick gasps and I would think each breath was going to be my last. Sometimes I had almost deathly sick spells, just like I was going to faint, which exhausted me so completely that I would be in bed for several days unable to walk a step. Almost every day I had a headache that was so severe I could hardly bear it and I often had dreadful attacks of dizziness. My kidneys were badly disordered. I had a terrible pain in my back that felt like a knife sticking in me. My nights were spent in misery, my whole system seemed to be poisoned and my complexion turned yellow as gold. I lost so much weight that it alarmed me. I don't believe any woman ever went through as much suffering and had as little hope as I did and then lived through it all to be a well and happy woman."

"I believe as firmly as I believe anything that Tanlac has saved my life and my friends all say my recovery is simply wonderful and that I am looking as healthy and strong as I ever did. Can eat anything I want and digest it without a particle of trouble. I don't know what a headache is and I am entirely free from dizziness and from those weak, fainting spells I used to have. My kidneys are in splendid condition, the pains have gone from my back and I sleep soundly every night. My strength and energy have all returned and my health has not only been completely restored, but I have regained all my weight, fifty pounds."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

## IMITATING GREAT MEN.

"If the teachers could only teach the biographies of the great men, what it would do for this country," remarked a school principal the other day. It seems a good idea, though the schools try to teach so many things now that they sometimes fail to do anything thoroughly.

The time has gone by when you could interest young people with dry facts and dates. You must give them stories of experience, adventure and achievement.

Probably nothing would do so much to give young folks high ideas as stories of what great men and women have done. Almost all these people started from small beginnings, and the majority had to struggle with poverty. Their lives were a romantic struggle against obstacles. Young people who learn about them would naturally wish to imitate them, by struggling against their own difficulties, and rendering service to their community and country.

## EVERYONE KNOWS THIS FELLOW.

I'm the guy who bawls out the telephone operator every chance he gets.

Why shouldn't I? I'm renting the phone, and paying for it. And she's just the operator. Just why you object is beyond me. I can't help it. If things are tied up, or she's busy with other calls, or that she's just a girl.

Because you object is no reason why I shouldn't express my thoughts when I'm renting and paying for the phone to get service. And I want it. It's not my fault that I'm not getting it, it's hers. I want good service and I expect to get it.

Besides, how do I know if she isn't laying down on the job or gossiping and not trying to serve me? Operators do that often enough.

Anyway a bawling out will do her good. It will show her I want service and expect to get it or intend to raise a rumpus when I don't get it. So long as I pay for the phone and get poor service I'll bawl her out for it. Let her serve me as I want or quit.

That's how I feel about it.

Keep on the shady side of the street, if there is any.

The man who has patented a corkscrew is one of those fellows, we presume, who just simply must have his little joke.

Keep this Door Open Too—Mr. Merchant!

Would you lock one of your doors for the price of a telephone?

When your telephone is busy (with either incoming or outgoing calls) an important business-getting door of your store is closed and locked. Maybe the customer who wants to telephone you an order will wait until that door is open again—but maybe he won't!

If your present equipment is often in use, you might make a profit on another telephone or "trunk"—or on even several more; a good many merchants do.

We can list them all under the same number, using any of your lines that is idle when you are called. It will pay you to make it easy for your customers to reach you on the telephone. Think it over.

## POLISH ARMY IN ENCIRCLING MOVEMENT

WARSAW, Aug. 23.—A gigantic encircling movement is being swiftly carried out by the Polish army between Litovsk Brest and Demblin, and dispatches from the front today indicate that the bulk of the Russian army in Poland is in danger of being cut off. A general Polish advance along the entire 400 miles of battlefield is momentarily expected.

The Russians are falling back in disorder north and east of Warsaw. The Poles have captured more than 10,000 prisoners and vast quantities of guns and ammunition. The foreign missions that went from Warsaw to Posen have been advised to return as all danger to this city is now past. The archbishop of Warsaw has ordered a day of thanksgiving.

The Soviet army in Galicia is attempting to attack to divert the attention of the Poles. The Russians who have been threatening Lemberg have crossed the Bug river.

## TAPS FOR A. E. F. AUGUST 31.

The American expeditionary forces will pass into history Aug. 31, when when the only remaining unit of the American unit of the army that fought in France, A. E. F. Headquarters, ceases to exist. Records of the great army that was will be transferred to custody of the War Department, and the following day General Pershing will open headquarters in his capacity as general of the army.

In announcing the date for winding up finally the work of the expeditionary forces, Secretary Baker made public the names of officers who will be assigned on General Pershing's staff in his new role as permanent head of the army until he carries out his announced intention of retiring to private life.

## WOMEN AS DOOR-MATS

"Women are not going to be the same door-mats their grandmothers were," said the president of the Ohio Woman Suffrage Association, in a recent address asking for the ratification of suffrage by the 36th State.

Women in many Old World countries have been "door-mats." In this country they have always done about as they chose. The one who has the strongest personality, "wore the pants," as the old saying goes, make themselves physically attractive. It is largely because of their choice. The traditional way of influencing men has been through the effort to make themselves physically attractive by pretty clothes and the sex appeal. Those who saw fit to cultivate their brains and independence have never been door-mats at any period in this country.

What a whole lot there is that we worry about and stew about that isn't even worth the while to pass the time away.

People know now that it was prophecy rather than fiction that Jules Verne wrote.

## TOBACCO GROWERS TAKE ACTION ON CUT-OUT.

LEXINGTON, KY., Aug. 23.—The Burley Tobacco Growers' Association was born, a proposal to eliminate the 1921 crop defeated by a margin of five votes, and steps were taken toward reduction of tobacco acreage in Kentucky, Indiana and Ohio in the general convention of Burley planters held here Wednesday. One hundred and seventy-six delegates from thirty-nine counties and three States were present. Each county was entitled to one vote.

Perfection of the organization of the association will be rushed in order that it will be ready to take control of the situation, declared to be "the most serious in history to the tobacco growers," by the time the loose-leaf market season opens.

A General Organization Committee was appointed and approved in the convention. Its members are:

John W. Newman, Woodford County, Chairman; E. M. Mansfield, Carroll County, secretary; Victor Bradley, Scott County; O. C. Chapman, Clermont County, Ohio; David Prewitt, Clark County; Martin L. Harris, Dearborn County, Indiana, and T. B. Hill, Montgomery County.

Powers of this organization Committee are defined in a resolution submitted by T. B. Hill, Montgomery County, passed after a warm verbal battle in which John N. Newman, chairman, offered to resign and a split in the convention was threatened.

The resolution follows: "Whereas, reports of the meetings held Saturday, August 14, 1920, in the various counties of the Burley tobacco region show conclusively that there is a strong and widespread sentiment in favor of some immediate and effective action looking to protection of the Burley tobacco industry;

"Whereas, information comes to us of the demoralized condition of the markets in Georgia and the Carolinas, where the 1920 crop of tobacco grown in those states is now being offered, and it is well known that under the present foreign exchange rates it will be practically impossible to finance this crop of Burley tobacco unless we have the co-operation of all persons interested in the tobacco industry; and

"Whereas, every indication is that the present crop of Burley tobacco in Kentucky and adjoining States will exceed previous records; and

"Whereas, it will be too late to act after the market opens this fall; therefore, be it

"Resolved, That it is essential to hasten the perfection of an organization of Burley growers into an association, in order that a census of the present crop may be had before the opening of the market in order that this association can then advise intelligently what should be done to protect and promote the interest of the industry.

"Be it further resolved that the chairman of this meeting appoint a committee of five, who, together with the chairman and secretary, shall constitute a Committee on Organization. This committee shall have power to employ counsel, to obtain a charter, prepare a constitution and by-laws, solicit membership, receive money, arrange for headquarters and employ necessary help and take all needful steps to perfect the organization as speedily as possible.

"Be it further resolved, that when this meeting adjourns it adjourns to meet on call of the chairman and secretary for the purpose of ratifying the actions of the committee, approving the charter, by-laws, constitution and the location of the permanent officers, and for the transaction of any other business that may come before the meetings.

"Counties not represented at this meeting, and which are this season producing Burley tobacco in any quantity, shall be notified of the adjourned meeting and requested to send a representative to same."

Twenty-two counties voted against the cutout and seventeen favored it. A number of counties, among them Bourbon, Clark and Harrison, refused to send delegates, and no votes were cast by them. These counties, however, were unofficially represented in the convention.

EDITORIAL FLINGS AT THIS.  
THAT 'N TOTTER

As a speeding machine raced down Main street, Friday night, keeping cautious pedestrians close to the safety of the pavements, a Paris man, who has grown gray from dodging the speed-devils, remarked: "Now, there's what I call a 'scorcher.' He goes out at a hot pace, makes pedestrians boiling mad, warms up the police, gets roasted in court, and then calls it a burning shame."

Somewhat asked Earl McCracken, of the Paris fire department, the other day what he would do if he should happen to be in a place where a deaf and dumb asylum was on fire. "Why, I guess I would run in and ring the dumb-bell, grab the dumb waiter and try to put the dumb thing out," said Earl.

One of the undiluted joys in connection with prohibition is the huge expense of keeping the nefarious stuff out of the country entirely surrounded by bibulous neighbors to whom the sport and profits of bootlegging are a challenge as well as a temptation.

Are we to understand that Kentucky misses the distinction, or notoriety, or whatever you please to call it, of providing a birthplace for the latest of millionaire babies by reason of the increased expense attaching locality to visits from the stork?

That Lexington negro who locked a white boy in an ice box must have been reading Dante's Inferno, which early Italian thriller still has considerable vogue, but at least he had self-control enough not to add insult to injury by inquiring of the victim if it was cold enough for him.

When Babe Ruth, the champion home-run hitter, made his forty-third homer in the game between New York and Cleveland the other day a baseball fan became so worked up that he fell over dead. Now, this is a commonplace affair, it seems to us. The wonder is that the pitchers who face Babe don't drop dead some time.

That Paris bachelor who was mean enough to suggest that if women were allowed to vote, the rolling pin would displace the steam roller, probably doesn't realize that those women who want to vote most wouldn't know a rolling pin if they saw it in the road.

The Ponzi get-rich-quick scheme seems to indicate that "suckers" are born much more frequently than was the case when the birth rate of such was estimated at one a minute. The same thing seems to have obtained in the oil game in Kentucky. By the way, what has become of all those oil companies that were going to make fortunes in a short while for their investors?

A patron of the Grand Opera House suggests that not all the noise and turmoil that has prevailed there recently can properly be ascribed to the colored people in the gallery. He says he can name some people who move in "the best circles" who are just as guilty of disturbing the

RAILWAY MAIL SERVICE AGAIN  
INSTALLED

Realizing the inconvenience to Paris, and other cities to the South, as a result of the new Louisville & Nashville train not carrying mail and express, these essentials, as they are considered, are now a part of the load carried by the new train. After the wave of protest against the curtailment of the mail and express service the L & N. officials lost little time in remedying the conditions complained of.

The trains now carry both mail and express and the inconvenience has been eliminated. This admits of an improvement in mail express and passenger service benefitting not only Paris, but Cynthia, Winchester, Richmond, Lancaster and Stanford. With the extra train on a fast schedule between Paris and Cincinnati, there has been a decided improvement in the passenger service especially.

peace as their less pretentious colored friends. On Wednesday night the conduct of some of the people standing in the lobby waiting to get in was such as to call forth a protest from Miss Rea Nye and Mr. Nye. Miss Nye's voice could barely be distinguished above the din of voices from the outside, while two youths engaged in a wrestling match added to the racket.

A Harrodsburg man, on opening his book case the other day, discovered a big cowsucker snake coiled up on a shelf. Now, this is very likely a case of reincarnation. That snake at one time must have been a "bookworm," and in course of time evolved.

## Ask Paris Bootleggers

Simple Simon met a dry man, And what do you think? Says Simple Simon to the dry man, "Where can I get a drink?" Says the dry man to Simple Simon: "You are an artless elf To ask that question—if I knew I'd go get one myself."

Lewis Meglone, mail carrier on route No. 1 is, or was, in a quandary, besides being pained, puzzled and perturbed. When his load of mail was sorted out Saturday at noon, ready for delivery, he found on the top of the pile a letter addressed to "The Maid of The Mist, Kentucky Avenue, Paris, Ky." and another addressed to "The Princess of Glendale, Main Street, Paris, Ky." After a vain search for some one to whom the letters could be delivered, Meglone made a house-to-house canvass of Kentucky Avenue and Main Street, but could not find anyone who had recently acquired such titles. Meglone returned the missives to the post office, to await further action. He stated that he had missed some maids on Kentucky Avenue, but that he could not locate such airy females as "The Maid of The Mist," or "The Princess of Glendale."

## LADY CLERKS WANTED

APPLY IN PERSON TO  
W. ED. TUCKER.

## APPELLATE COURT DOCKET

The Court of Appeals will meet in Frankfort on Monday, September 6, for the first half of the fall term. The docket is an unusually large one. The only cases from Bourbon county so far scheduled is that of Roberts, etc., vs. Parsons, etc., sent up from Bourbon Circuit Court.

IMPOSSIBLE TO BEAT THIS  
FREAK STORY.

Freshly baked apples were obtained for breakfast from a tree owned by Mrs. Fannie E. Eyrnes of South Norfolk, Conn.

The tree, heavily laden with early "greening," was struck by lightning in the night and the fruit was thoroughly cooked.

## COUNTY TEACHERS' INSTITUTE.

A new feature of the Bourbon County Teachers' Institute, which will convene August 30, in the Paris High School auditorium, will be a demonstration recital to be given each day to the teachers. The auditorium stage is being fitted up as a model school room for purposes of demonstration work during the Institute.

## HIGH SCHOOL REGISTRATION

One hundred and forty-six students enrolled Saturday in the first day's registration for the Paris High School term of 1920-'21. This is thirty-two more than registered on the first day of 1919. Class work in the High School will not begin until September 6. The registration shows a very good prospect for the coming term.

## NEW MAN IN FIRM.

Mr. O. B. Smith, of Carlisle, has purchased an interest in the confectionary business of Q. T. Gatewood, in this city, and has removed to Paris to reside. Mr. Smith recently resigned his position as bookkeeper in the Farmers' Bank, at Carlisle. He comes highly recommended as a business man, and will be welcomed to the business life of Paris.

## COOL WEATHER PREVAILS

Due to heavy rains and hail in this section during the past week, the mercury took a sudden drop Sunday, bringing considerable cooler weather. Light wraps and overcoats were donned by some, while fires were rekindled in gas stoves, and extra covers needed for protection during the night. There was a return to slightly warmer weather yesterday and last night.

MAIL CARRIER RETIRED UNDER  
NEW RULE.

Under the new regulation for rural mail carriers, Mr. Oscar W. Miller, who has faithfully and most capably filled the position of mail carrier on rural route No. 4, out of the Paris postoffice has retired, having reached the age limit, which is sixty-five years.

In retiring Mr. Miller does so with the satisfaction of having performed his duties at all times and in all kinds of weather, and to the entire satisfaction of the postal authorities and the patrons of the route. He is succeeded temporarily by Raymond Wilson, of Paris. A civil service examination will be held soon to select a permanent carrier.

## SONGSTRESS TAKEN ILL.

Shortly before her singing number at the Grand Opera House, Saturday night, Miss Gladys Nye was taken suddenly ill. Physicians who were hastily summoned at first thought it a case of appendicitis. Miss Nye was removed to the Massie Memorial Hospital, where a more thorough diagnosis disproved the appendicitis theory. Miss Nye was sufficiently improved yesterday to permit her removal from the hospital to a room in the home of a Paris family, where she will remain until fully convalescent. Miss Nye's illness was attributed to a sudden attack of gastritis.

MUNROE SWEENEY TO BE COL-  
LEGE COACH.

The sporting page of a recent edition of The Pittsburg, Pa., Daily Leader, has the following note of interest concerning a former Paris boy:

"J. Munroe Sweeney, of Bethany College, writes me to say that he has signed a contract to coach all the athletic teams at the Moundsville, W. Va., High School, succeeding Guy Morrison, formerly of West Virginia Wesleyan, who will go to Bloomingfield, Ind., to coach. Sweeney should produce some winning teams at Moundsville. For one thing he will maintain a high standard of sportsmanship for his athletes."

**MEXICAN LABORER CHARGED  
WITH SHOPLIFTING**  
A Mexican laborer, whose name the arresting officer could not carry along with him, at the same time, was arrested by Patrolman Geo. M. Hill, Saturday, and placed in jail on a charge of petty larceny. The arrest was made at the instance of B. Friedman and J. C. Gatewood, Main street merchants, who alleged that the man purloined various articles of wearing apparel at their stores. It was stated that he secured a woman's skirt and other articles at the Friedman store, and two silk shirts at the Gatewood store. The man, who is one of the many laborers on the Kalepa Farm, near Paris, was fined \$10 and costs and released. The goods were recovered and restored to the owners.

**STOREKEEPER — GAUGERS ARE  
TO BE PENSIONED**  
Among the forty-one storekeeper-gaugers in the internal revenue service in Kentucky who have just been retired on pension by the Federal Government, is a former Bourbon county resident, James M. Burbridge, who has reached the age of seventy-one.

The pensions to be paid the retiring employees will be allowed according to length of service, under provisions of the civil service pension act, which permits employees who have reached the age of 65 to retire. Those who have had as much as 15 years service will receive \$300 a year. The maximum pension is \$750 a year, all pensions being regulated by the length of service and salary for the past ten years.

To accomplish the advance of the newspaper press, newspaper men must have certain professional standards. They must render what may be called a standardized service by giving their territory a complete news report, an intelligent discussion of public affairs, and effective advocacy of all progressive movements.

After they manifest their ability to give this service, they may well unite in asking a degree of support enabling the press to accomplish for the community everything that high standard newspaper work can do.

Newspaper men will never go on strike, any more than teachers, doctors and ministers. But they can very well unite on a general policy just as the doctors in most towns agreed on a fair schedule of prices. The newspaper men ought to agree on what constitutes a fair rate for advertising and subscriptions, for various types of papers and various circulations.

In making such rates it should be considered that newspaper work as a whole has not been properly financed in the past, and that the majority of publishers have made calculations on radically wrong figures at all. The cost of producing a newspaper should be based on the cost of producing a sheet that is excellent from the mechanical standpoint, which shall give publishers and editors rewards equal to those in callings requiring equal ability, and which shall command the work of bright and brainy people, making it so attractive to them that they will remain permanently in the business.

Newspapers that do not maintain these rates should not be regarded as giving the community any advantage by their cut prices. The community should consider that they so lower the standards of newspaper excellence that the community suffers by their competition.

**HELP CLOSE THE DANGEROUS ROAD****GLAD POLITICS ARE ELIMINATED****Endorsement of New School Board By Farmers Is Voiced  
By High Official In National Organization**

The American Farm Bureau Federation is emphatic in its attitude toward education in the rural districts. Mr. J. H. Crenshaw, the treasurer of this great organization of farmers, in a recent interview granted your correspondent, declared:

The Kentucky Farm Bureau stands for the elimination of politics from the control of educational affairs. The farmer boy and girl of Kentucky are entitled to the best mental training it is possible to secure. The question for

to make the world a better place because of our having lived in it, then we must look to the public schools for preparation for life; for the intellectual life of a people will never rise higher than its public schools.

**GREAT PIECE OF WORK**

The Hon. J. N. Camden was visited in his country home near Versailles by your staff correspondent this summer to secure his viewpoint of the new school laws. That he is heartily in favor of them is shown by his statement which follows:

I know the rural school because I live in the country and see it at work during the whole school year, and I know it needs improvement.

I feel that the two political parties in Kentucky did a great and fine piece of work when they combined forces and passed a group of new and thoroughly up-to-date school laws. Among those laws passed none will be more far reaching in its results than the one creating a Board of Education for each county, composed of five members, who will have the power of selecting a county superintendent and thus take the office out of county politics.

Next November the public will naturally be very much interested in the national candidates and the national issues, but the matter of good schools and strong teachers should not be forgotten for a single moment. Good schools in the Twentieth Century are vitally important to each and every county in the Commonwealth. The voter should not forget that the finest and best National Government in the world will not educate the boys and girls out in the country. So it is up to the voters in Kentucky to see to it that progressive County Boards of Education are elected next November.

J. S. CRENSHAW,  
Cadiz, Ky.,  
Treasurer of the American Farm Bureau.

years past has been how can this be accomplished, now the solution is presented in the new school laws.

A law is no stronger than public sentiment, no law will work automatically. Are the farmers really and truly interested in the education of their children? Are they really and truly 100 per cent Americans? Are they opposed to Bolshevism? Do they think this government worthy of, and are they willing to do their best that it be perpetuated?

Everything depends upon the interest manifested in the election of the County Board of Education, of the election of men who will without fear or favor stand first for a square deal for the boys and girls of the State; who will have their interest as of first consideration; their future as of prime importance.

That there are a number of men and women in every county in Kentucky fully competent to compose these boards is unquestioned. The County Farm Bureaus should take an active part in impressing on them their responsibility; on calling the attention of the people to them, on seeing that the names of such men and women are placed on the ballot and on an aggressive campaign that their election be assured.

The Kentucky Farm Bureau endorses unqualifiedly the law creating the new County Boards of Education and will wholeheartedly give its aid to any county asking for assistance in advising the people of the great opportunity it offers, for happier homes, for more prosperity, for the greater service and for bigger living. The lives of people can not be greater than their ability to live and their ability to live is measured by their knowledge of life. If we are saved to serve and born into the world to render service,

HON. J. N. CAMDEN,  
Versailles, Ky.,  
Democratic National Committeeman.

One point should not be forgotten when candidates for places on this board are being voted for and that is that they must not be pledged to any special person for the office of County Superintendent. The voter should help elect strong men on the board and leave them absolutely free to select a county superintendent who will make good. In other words, the voter should think of the boys and girls in his county who are not getting a fair square deal in the matter of schooling and forget who happens to wish the office.

**Dreaming of Letters.**

To dream of writing letters to your friends is a sign of coming good news; to dream of receiving letters from friends indicates some little misfortune to be followed by great happiness. To study belles-lettres means some pleasurable enjoyment in store. To see a letter carrier denotes news from some absent one; if his uniform is complete the news will be good; if incomplete, it will be disappointing. —Chicago Herald and Examiner.

## Fashion Traced to Moreau.

The nick in a coat has been a puzzle to many. It is said to date back to the time of Napoleon. A general named Moreau had many followers, but they were afraid to openly express sympathy with him. It was therefore agreed to put a nick on their coats as a secret sign. The letter M can be seen in the lapel representing the initial letter of the general's name.

By Candle flame.

In 1860  
In Crinoline bright,  
She greeted her guests  
By Coal Oil light.

And later on,  
How time does pass  
Her home was lit  
By flickering Gas.

But the girl of to-day  
Who wants her home bright,  
Just presses a button  
And has Electric Light.

KENTUCKY SENDS WORKER TO CHINA ON  
THE SOUTHERN BAPTIST MISSIONARY SHIP

The Empress of Japan, Canadian Pacific liner, on which practically 100 Southern Baptist missionaries sailed from Vancouver, B. C., August 17, for the Orient. Kentucky was represented among the missionary passengers by Robert A. Jacob, of Franklin, whose picture is shown above, and who has been assigned to educational work at Laichowfu, China. Other Kentuckians under appointment of the Baptist Foreign Mission Board to do work elsewhere include R. S. Jones, of Murray, who will teach science at Pernambuco, and Rev. and Mrs. O. P. Poarch of Louisville, who will serve as instructors in Rio College in Brazil. They will sail in September.

When approximately one hundred Southern Baptist missionaries sailed on the Canadian Pacific liner, the Empress of Japan, from Vancouver, British Columbia, Tuesday, August 17, for fields in the Orient, they formed the largest group of evangelists of the Christian religion that has ever been sent to foreign fields at a single time by a single denomination since the beginning of Christian missions.

The majority of the appointees of the Foreign Mission Board are new workers, recently come from the various educational institutions of the South where they have spent years in preparation for the duties they are about to assume in other lands.

Appointment and sending forward of so large a number of workers at a single time was made possible by the larger proceeds for missions from the Baptist 75 Million Campaign, from which \$20,000,000 will be realized for foreign missions during the five years covered by the campaign. Not all of this fund will be used in employing new workers, though approximately 500 additional men and women will be sent out during the five years. Other sums will go to providing more church buildings, schools and hospitals, homes for the missionaries and improvements of that character, including publishing houses for turning out the Bible and other religious literature. Many improvements will be made in missionary institutions already in operation on the foreign fields.

**Missionary Operations Enlarged.**  
In the new appointees of the Foreign Mission Board—and a new record was established when sixty-six were named by it this summer—are a number of

Christian doctors, nurses, teachers, scientists and women workers, and one expert in farming and stock raising. These will supplement the work of the evangelists in that they will seek to relieve bodily suffering, teach the boys and girls, pave the way for more efficient homes by interesting mothers in sanitary housekeeping, and by their good work create in the minds of the people a favorable attitude toward the Christian religion. The instructor in agriculture and stock raising will undertake to reach many Chinese farmers with better methods of production and thus prove that the Christian missionary is the farmer's friend. The majority of the missionaries were born on the farm.

While the majority of the new appointees are going to China and Japan, others will sail in September for work in Africa, Brazil, Argentina and Chile.

**World Program Is Planned.**  
Ten foreign fields are occupied by Southern Baptists today in Africa, Asia, Europe, South America and Mexico. The work in all these fields will be strengthened and enlarged as a result of the larger funds made available for foreign missions through the Baptist 75 Million Campaign. New fields have been opened in Europe and the Near East and a million dollars has been appropriated for launching an intensive work in Russia the moment the doors of opportunity are opened there. The Board is greatly strengthening its work in Palestine and hopes ultimately to give the gospel to hundreds of thousands of people in the land which witnessed the earthly labors of Jesus Christ.

Dr. J. B. Gambrell, of Fort Worth, Texas, president of the Southern Baptist Convention, and Dr. E. Y. Mullins of Louisville, Ky., president of the Southern Baptist Theological Seminary, are now on a visit to all the Baptist families of the world, conveying to them the greetings of good will from Southern Baptists and laying the foundation for a fuller Baptist program for the evangelization of the world.

**Money Apportioned to Mission Fields.**  
In the distribution of funds to new work among the various mission fields occupied by Southern Baptists the following appropriations have been made by the Foreign Mission Board: Africa, \$233,925, calling for 31 new missionaries; Argentina, \$263,550, calling for 17 new missionaries; Brazil, \$1,339,100, calling for 54 new missionaries; Chile, \$58,900, calling for six new missionaries; China, \$3,279,125, calling for 331 new missionaries; Europe and the Near East, \$3,558,953; Japan, \$819,000, calling for 40 new missionaries and Mexico, \$420,000, calling for eight new missionaries.

**Work in Homeland Fostered.**  
While a large sum from the campaign is appropriated to foreign missions, home interests have not been overlooked. Appropriations to home objects include \$12,000,000 for home missions; \$11,000,000 to state missions; \$20,000,000 to Christian education, or the better equipment and partial endowment of the 114 educational institutions owned by Southern Baptists; \$4,800,000 for the thirteen Baptist hospitals in the South; \$4,039,658 for the sixteen orphanages, and \$2,500,000 for the relief of aged ministers and their dependent families.

## DON'T BE MISLED

Paris Citizens Should Read and  
Heed This Advice

Kidney trouble is dangerous and often fatal.

Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

A Paris citizen's statement forms convincing proof.

It's local testimony—it can be investigated.

Mrs. Chas. McCord, South Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's Drug Store and I have found them a splendid kidney medicine. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills sufficient to cure me of the attack."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

## NORTH CAROLINA DEFEATS SUFFRAGE MOVE.

RALEIGH, N. C., Aug. 23.—The Federal suffrage amendment was defeated by the North Carolina House of Representatives Thursday by a vote of 71 to 41.

The Senate having already voted to postpone consideration of the amendment until the regular session of the Legislature next January, the action of the House Thursday virtually ends the ratification fight in this state until that time.

A straight out rejection resolution reported by the Constitutional Amendment Committee, was tabled by the House without a dissenting vote until the ratification resolution had been defeated.

Vote upon the ratification resolution was precipitated by the anti-suffrage forces without debate.

## THE CZAR'S PROPERTY.

Basing the judgment on the testimony of the Grand Duchess Xenia Alexandrovna, the British High Court of Justice has declared that Nicholas, Czar of all the Russias, died on July 16, 1918, at Ekaterinburg, and that he died intestate, leaving no widow or child. The court has appointed the Czar's sister as administrator of his property in the United Kingdom, but it is a pathetic little estate that she inherits from the ruler who once was one of the richest men in the world. The entire property is worth only about five hundred pounds—less than twenty-five hundred dollars.

## Paradox.

Matherson surprised his friends at the club one evening by rising to leave much earlier than usual. "Why this haste?" said one of his friends. "The night is still young." "I know," replied Matherson; "but I promised my wife to be home by ten-thirty tonight and if I miss the last train I shall catch it!"

## SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

## "CORN"

Lift Right Off Without Pain

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

## REGULAR TASKS

The city child has no regular job. There is not usually any form of work that he can do regularly in his congested home. He becomes impatient of industry, and acquires the habit of loafing.

The country child is given little chores to do about the house and barn from a very early age. This develops his responsibility and his initiative. This is the reason why the majority of men who make business successes come from the country.

Day dreaming is one of the reasons many a man finds life a nightmare.

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. —THE SICK—Messrs. S. M. Allen, J. T. Judy and M. M. Bowles, Mrs. Clara Shanks and Mrs. Anna Darnall continue about the same. Mrs. Fannie Norton is not as well the past few days.

—The members of the Presbyterian Sunday school enjoyed a picnic and outing Thursday at the Blue Grass Park, in Lexington. They motored to Paris, and were taken on a special car to the Park, where a delightful day was spent.

—A reception was given by the family in honor of Mr. Joe Plummer's sixtieth birthday, Wednesday evening at the home on Trigg street. The home was artistically decorated with garden flowers. A delicious supper was served. There were eighty guests present.

—The Graded School building is now being put in order for the opening of the fall term. Col. and Mrs.

Best are established in their new home, and the property has been turned over to the county. There will be some changes made in the main building. A corps of nine teachers will be in charge, with Prof. Lancaster, as principal.

—The elevator in the warehouse of Judy & Booth, which is being used during the present season by Mr. W. D. McIntyre for the purpose of handling his purchase of tobacco made last winter, fell Saturday afternoon from the second to the first floor, with a hoghead of tobacco on it, and also S. R. Butler, and William Conway. The men had rolled the hoghead of tobacco on to the elevator, both of them having stepped on to the elevator, when suddenly one of the chains broke, and it fell with a crash to the floor below. Mr. Conway leaped to the second floor, slightly skinning his arms and hands. Mr. Butler fell with the elevator, sustaining a number of painful, though not serious bruises. It is miraculous that both men were not killed.
